

Cling Rite Electrostatically Charged Cling Film

Cling-Rite® is an electrostatically charged, printable polypropylene film tipped onto a paper backer. Cling-Rite® is a removable, repositionable and erasable alternative to static cling vinyl and pressure sensitive film products. It will not leave a sticky residue when removed, is environmentally friendly, and does not contain any volatile chemicals.

Cling-Rite® can be easily applied to almost any surface enabling you to maximize marketing space and to utilize normally unused surfaces to display your message. It's an ideal media for Gorilla Marketing and short-term based campaigns.

Dry Erasable version available (Self wound, No liner).
