

ADD3 Floor Graphics Media

No Overlamine Needed

ADD3 floor graphic media is the ultimate, one-step solution for indoor floors and walls. The floor graphic media is an 8mil white, textured, matte vinyl with fabric backing and repositionable, solvent acrylic adhesive. It works on vinyl, plastics, tile, wood, metal & painted surfaces and is ideal for tradeshow and POP graphics.

Slip resistant ASTM D-2047 & E-84 Class A certified for flame and smoke, which means that no lamination is required - just print and go!

Specifications

The floor graphic media will last up to 3 months on indoor floor applications, depending on the type of traffic. Indoor wall applications will last 24-36 months. NO need to laminate. Compatible with solvent, eco-solvent, latex and UV-cure inks.

Minimum application temperature is 50F or 10C.
